*There will be a timetable available in the Cathedral on the tree set-up day (26 Nov), and it will remain on the wall for further "signups" throughout the Festival. Welcomers are needed every day, from 9am through until 7pm. Just sign up for whatever parts of the day you can spare.*

We have found that the best trees are up to 2 metres tall. The Cathedral supplies cables for the Christmas Tree lights. (The trees really do need lights and if you can find non-flashing ones, we appreciate it).
